Corner Cut-off:

No structure, object, or feature, including, but not limited to fences, gates, hedges, walls, trees, or plants, may be located in this area between a height of 3 feet to 10 feet from grade.

How to measure fence heights:

If properties on either side of the fence are at different elevations, measure from the grade of the higher of the two grounds.

If building a fence on a slope, measure from the horizontal midpoint of the stair-step section, immediately adjacent to the fence.
